Acceptance test

This document exists to test that everything is installed, and compiles

Todonotes

It is possible to write a todo note

Algorithm2e

Algorithm 1: While loop with If/Else condition

Result: Write here the result
Input : Write here the input
Output: Write here the output

---
1 **while** *While condition* **do**
2   instructions
3   **if** *condition* **then**
4   instructions1
5   instructions2
6   **else**
7   instructions3
8   **end**
9 **end**

FloatBarrier/Placein

SI Unit X

$123\,\mathrm{km/h}$

Glossaries

Hi, how are you? (HELLO)
